Why Do We Light Candles?

In the lighting of candles, we remember and truly live the words of Our Lord: "I am the light of the world. Whoever follows me will not walk in darkness, but will have the light of life." (*John 8:12*) The light signifies our prayer offered in faith coming into the light of God.

With the light of faith, we ask our Lord in prayer, or petition the saint to pray with us and for us to the Lord. We light a candle before a statue or sacred image of our Lord or of a saint. We do not honor the statue of the image itself, but the one whom the statue or image represents.

What is a votive candle?

A votive candle or prayer candle is a small candle intended to be burnt as a votive offering in an act of prayer. To "light a candle for someone" indicates one's intention to say a prayer for another person. Small candles in glass containers maintain the intention of prayers, and as a

remembrance of the deceased, especially loved ones. Those who light them usually say a prayer over one candle at a time. By keeping these individual candles lit for extended periods of time, the individual prayer is united with the intentions of the rest of the praying community.

This creates a collective spirit of prayer for the entire church that is comforting and empowering. Even when churchgoers leave, prayers remain in the Church as others may also pray over the lit candles.
